

Summer Camp at Xplor of Crystal Falls in Leander

- Special Events
- Arts, Music, Dance & Drama
- Nature & Science
- Sports & Games

Welcome!

As a continuation of our Links to Learning® curriculum, camp offers a fun-filled summer program for children ages 1 to 5. Each week, preschoolers jump into action, participating in fun and exciting activities and special events.

Our preschoolers have the opportunity to expand their horizons during the summer, embarking on new adventures, and having fun!

Although we want the children to have the best summer possible, we can't forget about all they've learned during the school year.

Our Links to Learning® summer curriculum is designed to review and strengthen skills taught during the school year. Various academic activities will be integrated throughout your child's daily summer experience.

Our camp program will inspire your child's mind to engage, explore, create and stay active this summer!

**The key to
12 weeks of
summer fun!**

Summer Preschool Schedule

June 5 – August 25

- WEEK 8** Hiding in the Garden
- WEEK 9** What's Beyond the Moon?
- WEEK 10** On the Boardwalk
- WEEK 11** Building without Blocks
- WEEK 12** Knight Vision

Weekly Themes

Mysteries at the Museum

Our little detectives strengthen their problem solving skills through group projects and peer interactions that encourage positive relationships.

Move It! Mix It! Mess it! Do it!

Messy science experiences are the best kind. Our campers get their hands dirty to create homemade play dough, "oobleck," 3D sand art, and more.

Storybook Summer

Dragons, fairies, superheroes, oh my! Campers go on a magical adventure as books come to life through song, dance, and dramatic play.

Treasure Hunters

Campers set sail on a pirate-themed voyage. They build pirate ships, search for hidden treasure, and even test their balance and coordination skills by walking the plank.

Color Me Happy

Explore the wonderful world of color! From painting, to sculpting, to drawing and more, campers mix colors and let their creativity run wild.

Mysterious Mixtures

Campers practice a variety of kitchen skills while creating delicious concoctions. Along with habits of self-help and good nutrition, they learn important academic, social and physical skills.

Fossil Find

Learn all about the mysterious lives of dinos and the scientists who study them. Campers read stories about pre-historic life, dig for fossils, and use clues to uncover dinosaur eggs.

Hiding in the Garden

Campers investigate all aspects of Mother Nature including weather, bugs, and habitats. Their green thumbs will be put to the test as they create their own mini gardens and learn about the life cycle of plants.

What's beyond the moon?

Get ready for an amazing exploration of space. Campers embark on an imaginative journey to the moon and back, as they learn more about our solar system through dramatic play, art, stories, and more.

On the Boardwalk

We're bringing the beach to you this summer. Campers dive into seaside adventures while exploring ocean creatures, building sand castles, and playing beach games.

Building without Blocks

Children think outside the box to create structures using recycled materials including cups, sticks, cardboard boxes, and milk jugs. The possibilities are endless.

Knight Vision

Hear ye! Hear ye! Children travel back to Medieval times to unravel mysteries, explore knights in shining armor, and read about castles in far away lands.
